In response to a question at the close of the session, Preston advised that the Agency has always been forthcoming in the information provided in response to requests by the Committee, but that in future budget presentations the heightened interest of members in the Agency and its activities will require considerably more detail and documentation. Jack Iams, Comptroller, has been advised.

9. [] Called Guy McConnell, Senate Appropriations Committee staff, and told him we had word that a John Ryan, on Senator Roman Hruska's staff, had expressed to AID officials interest in opposing the Abourezk amendments to S. 3394 (Foreign Assistance Act). McConnell would prefer that we deal directly with Ryan which would involve alerting him to the existence of the Director's letters to Senators Abourezk and Fulbright.

10. [] Placed a call to Tom Korologos, White House staff, to alert him to our contacts on the Hill and the Director's letters concerning the Abourezk amendments to S. 3394 (Foreign Assistance Act) but the call was not returned.
